# JOIN US THIS *FIRST FRIDAY* FOR THE LAUNCH OF THE CONTAGIOUS THOUGHTS PODCAST!

April 5, 2024 | 5:30pm - 7:30pm

---

*“Why is it that most of us have realities we desire to experience but spend most of our life stuck in a reality we don't want?”*

*If only we had the inspiration to dream again, the motivation to pursue that dream, practicals to guide us, a real life example of a regular someone on the same journey, and finally - the stories, perspectives, and insights of dozens of accomplished people - then maybe it might be a little easier to get there. Well, looks like you've stopped in the right place.*

*Welcome to the Contagious Thoughts Podcast, where dreamt realities are lived and like-minded people share their journeys and thoughts...because thoughts filled with purpose, are contagious.”*
